Questions To Discuss

At the completion of this block of instruction you will be able to answer the following questions:

1. Which method of destruction for controlled substance practitioner inventory is not allowed?

2. Can a practitioner take back a controlled substance that was already prescribed or dispensed to a patient?

Questions To Discuss

- **3.** What is DEA's current recommended method of disposal for practitioner inventory?
- 4. When is a DEA Form 41 required for the disposal of controlled substances.
- 5. What disposal methods are available for ultimate user's ?

Source: Department of Health and Human Services

U.S. Drug Enforcement Administration Office of Diversion Control

Secure and Responsible Drug Disposal Act of 2010

s Authorized the DEA to promulgate regulations that allow ultimate users to transfer pharmaceutical controlled substances to authorized entities for disposal.

Ultimate User

S A person who has lawfully obtained, and who possesses, a controlled substance for their own use, or for the use of a member of their household, or for an animal owned by them or a member of their household.

21 USC § 802(27)

What is a "Collector"

- S A registered manufacturer, distributor, reverse distributor, narcotic treatment program, hospital/clinic with an on site pharmacy, or retail pharmacy that is authorized to so receive a controlled substance for the purpose of destruction.
- Solution Section 3 The registrant has a modified registration authorizing the collection of controlled substances from the "ultimate user."

Secure and Responsible Drug Disposal Act of 2010

- Solution Soluti Solution Solution Solution Solution Solution Solution So
- S Ultimate users now have more locations where they can securely, safely, responsibly, and conveniently dispose of their unwanted pharmaceutical controlled substances.

Secure and Responsible Drug Disposal Act of 2010

- Solution Federal, State, The regulations continue to allow Federal, State, tribal, and local law enforcement to maintain collection receptacles at the law enforcement's physical location;
- S And either independently or in partnership with private entities or community groups, to voluntarily hold take-back events and administer mail-back programs.

Secure and Responsible Drug Disposal Act of 2010

S Created an exception for LTCFs to transfer pharmaceutical controlled substances for disposal on behalf of patients who reside or have resided at that facility.

Disposal of Controlled Substances Final Rule of 2014

Benefits to the public are:

Solution Decrease the supply of pharmaceutical controlled substances available for misuse, abuse, diversion, and accidental ingestion; and

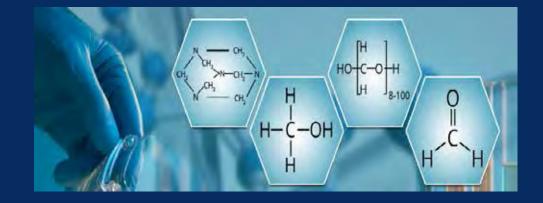

Second Second

Non-Retrievable

S A controlled substance is considered "nonretrievable" when it cannot be transformed to a physical or chemical condition or state as a controlled substance or controlled substance analogue...

Non-Retrievable

The purpose of this destruction standard is to:

 Permanently render the controlled substance(s) to a non-retrievable state and thus prevent diversion of any such substance to illicit purposes.

Diversion Control Division

U.S. Drug Enforcement Administration

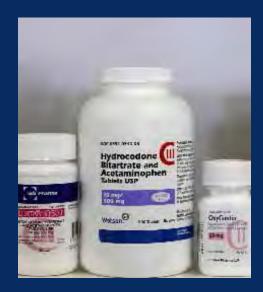

These methods do not meet the standard

<u>21 CFR § 1300.05</u>

Disposal of Practitioner Controlled Substance Inventory and Controlled Substance Waste

Practitioner options to dispose of inventory are:

- **s** Prompt on-site destruction if proper method.
- s Prompt delivery to a DEA registered reverse distributor by common carrier or reverse distributor pick-up.

21 C.F.R. § 1317.05(a) and (b)

Returned or Recalled Controlled Substances

- **s** Prompt delivery by common or contract carrier or pick-up at the registered location by:
 - **s** Registrant from whom it was *obtained*.
 - **s** Registered *manufacturer* of the substance.
 - s Another registrant authorized by the manufacturer to accept returns or recalls <u>on</u> <u>the manufacturers behalf.</u>

<u>21 C.F.R. § 1317.05(a) and (b)</u>

A practitioner may also request assistance from the Special Agent in Charge.

21 C.F.R. § 1317.05(a) and (b)

- **s** DEA is aware that there are companies that claim that their products can render controlled substance inventories non-retrievable, and have DEA approval.
- **s DEA has not approved any such products for the disposal of practitioner inventory.**

- **s** Controlled substance practitioner inventory cannot go to a collector.
- **s** Collectors can only receive controlled substances from the "ultimate users."

<u>21 C.F.R. § 1317.05(a) and (b)</u> <u>21 C.F.R. § 1317.75(c)</u>

DEA allows disposal of controlled substance waste if:

s It is authorized under your states laws... and

S It is the remaining portion of used needles, syringes, or other injectable products in a practitioner environment (hospital, clinic, physicians office, etc.)

Recordkeeping for disposal of controlled substance waste:

s No DEA Form 41 required.

s Two employees witness the handling and the destruction of the controlled substances.

21 C.F.R. § 1317.95(c) and (d) 21 C.F.R. § 1304.21(e)

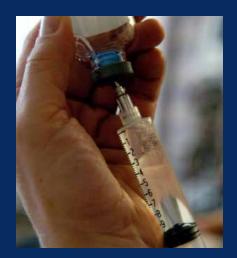

Record of waste disposal must include:

- **s** Name of Substance
- s Form
- s Quantity
- **s** Date of Disposal
- **s** Manner of Disposal
- **s** Registrants Name, Address, DEA number

21 CFR § 1304.22(c)

- Records must be maintained at the practitioner's registered location for a minimum of two years.
- **s** Longer if required by state laws or regulations.

21 CFR § 1304.04(a)

Patient's Controlled Substances

S A physician cannot take back controlled substances that have been administered, prescribed, or dispensed to the "ultimate user.

- **s** It is not authorized by Federal Laws and Regulations.
- **s** Do not put yourself or your practice in harms way by ignoring this.

Disposal of Ultimate User's Controlled Substances

"Ultimate User" Destruction

- S DEA recommends that "ultimate users" do not flush their expired or unwanted prescriptions and over-the-counter drugs down the toilet or drain unless the label or accompanying patient information specifically instructs you to do so.
- s Be aware the FDA posted instructions to flush certain types of controlled substances.

"Ultimate User" Destruction

"Ultimate users" can now return unwanted or expired prescription and over-the counter drugs to:

- **s** Law enforcement supported drug take-back program or collection box.
- **s** DEA registered collector that has an on-site collection receptacle.
- **§** DEA registered mail back program.

Collection at LTCFs

s LTCFs may dispose of a current or former resident's unwanted or unused controlled substances in a collection receptacle located at the LTCF.

21 C.F.R. § 1317.80(a)
